-----

I am to draw your attention to the above Practice Note and in particular to para 3 thereof.

- 2. All orders should include a further order as provided in para 3 of the Practice Note, unless otherwise ordered by the Hon. Judge. You should therefore pay special attention to this provision when draft orders are submitted to you for approval.
- 3. Copies of this Practice Note have been sent to the Bar Council and all Bar Committees for circulation to all members of the Bar and they should be aware of this practice by now.
- 4. You should also draw the attention of the Hon. Judges when you brief their Lordships on Chamber Days should such applications for extension of time do not comply with the provisions of the Practice Note.
